2023-2024 President's and Provost's Awards for
Undergraduate Research and Creative Accomplishments
Deadline for Nomination by Faculty: February 5, 2024

These awards are intended to recognize outstanding undergraduate research or creative work, such as research presented at national or international meetings or published in the peer-reviewed literature, juried art exhibitions, etc. Although the faculty mentors play a major role in undergraduate research and creative activities, these awards should recognize contributions made by the students to a project.

President's Award
Up to three (4) recipients
Award: $500 and a framed certificate

Provost's Award
Up to nine (8) recipients
Award: $250 and a framed certificate

Nomination Process:
Please note that a student must be enrolled at CMU as an undergraduate student for the spring 2024 semester to be eligible. A faculty member can nominate a student by completing the nomination form through DocuSign including attaching a brief (1 page) rationale outlining the nature and importance of the student's contribution and accompanied by any supporting material that seems appropriate (e.g., copy of publications or creative work).

Review & Award Process:
The Office of Research and Graduate Studies (ORGS) will share all nominations from each college with the applicable dean. The college will then review the nominations and identify the top two (2) students to receive these awards. The top two (2) nominations from each college will be evaluated by a selection committee appointed by ORGS. The committee will be charged with determining which students will receive the President's Award and which students will receive the Provost's Award.
