Central Michigan University
2020-21 Consolidated Operating Budget Narrative

The operating budget process is designed to link strategic planning with operational planning and provide a perspective of the operating needs of the university. The annual planning process includes a review and update of the operating budget. The process takes into account current projections for enrollment, tuition, other revenue, and expenditures for the fiscal year. The planning cycle focuses on the next five years. Divisional planning revolves around university strategic planning with operating budgets developed accordingly. The planning process begins in the fall semester with budget reviews scheduled throughout the spring semester.

Upon completion of the review process, a proposed executive summary of the operating budget is presented to the President of Central Michigan University (CMU) and upon his recommendation approved by the Board of Trustees in June. The divisions/departments are informed of the approved budget and a detailed operating budget follows. The operating budget includes planned revenue and expenditures for all university operations.

The consolidated budget summary is provided as a comprehensive perspective of the institution's financial resources and obligations, which comprise the total operating budget components of the university.

The operating budget includes a number of schedules, which provide detailed information for the general fund as well as non-general fund budget centers. Page 2 reflects the consolidated budget information by operating unit. The consolidated budget schedules shown on pages 3 and 11 through 26 reflect the revenue and expenditure components by center.

The consolidated budget aggregates \$428,193,859 in total revenue and expenditures (including transfers), yielding a zero-gross margin for 2020-21.

General Fund Budget

REVENUE

The \$341,870,307 budgeted revenue (including transfers in) for 2021-20 is a 7.59 percent decrease over the 2019-20 budget (\$369,930,083). The following narrative details the significant changes in revenue. The budgets referred to in this revenue narrative can be found in the revenue summary and revenue detail pages in this document (p. 11-26).

Net State Appropriations

The university currently anticipates state appropriations to be held flat in this budget and used the FY 2019-20 actual appropriations as the budget assumption. This results in a total appropriation for 2020-21 of \$89,227,800 including a portion specifically designated for the Saginaw Chippewa Tribal College. CMU transfers \$29,700 annually to the Saginaw Chippewa Tribal College. After this transfer, the university will receive \$89,198,100. In FY 2019-20 CMU received a slight increase that largely related to additional funding for the Michigan Indian Tuition Waiver.

The State appropriation revenue is recognized on an accrual basis as required by the legislation authorizing the funds for CMU. Tuition, fees, and other revenue, as well as expenses, continue to be recognized on an accrual basis of accounting.

Tuition and Fees – General Fund

This budget reflects no increase in tuition and fees from the 2019-20 standard undergraduate, graduate and doctoral tuition rates. During the COVID-19 pandemic, university leadership is committed to operating according to the CMU culture and values, based on caring for and supporting our students and serving our communities. Our values, and our actions to support them, will help provide the stability, sense of security, and predictability that our stakeholders and communities need right now. Overall, average CMU undergraduate tuition rates (blend of lower level and upper level rates) are below the median tuition and mandatory fees at the 15 public universities in Michigan.

The tuition revenue is based on an estimated 12.9 percent decrease in total semester credit hours from the original budget for 2019-20. The University's projection for the 2019-20 original budget was 498,673 credit hours. The actual 2019-20 credit hours were 483,664. The 2020-21 estimated revenue is based on the projected 2020-21 credit hours of 434,178. These figures do not include credit hours from CMED due to its unique tuition structure. The projected fall 2020 main campus headcount is 13,285 which

includes 408 med school students compared to an actual fall 2019 main campus headcount of 14,990 which includes 405 med school students. This headcount does not include students enrolled online and at satellite sites across the world.

Tuition primarily funds individual academic centers. Service centers also receive tuition attributable to credit hours taught by the individual department within the service center. Under the RCM budget model, all tuition revenue is earned by the academic departments responsible for each course and is distributed directly to these units. The academic department is also responsible for direct costs associated with each course. The deans in each college are ultimately responsible for determining how resources are allocated in their colleges. They have the authority to redistribute resources based on the strategic priorities of the colleges.

The approved tuition rates for undergraduate and graduate students, including rates based on residency are located in a table on page 6 of this document. The table also shows the change in cost for a full-time undergraduate U.S. resident.

The residence hall room and board rates increased 2 percent for 2020-21 from \$10,328 to \$10,528 with an unlimited meal plan. A new incoming full-time resident undergraduate student who enrolls in 30 credit hours, lives in a residence hall, and chooses the unlimited meal plan will see a .86 percent increase in the total cost of tuition and room and board from the prior year rates.

Other Revenue

Revenue is attributed to the budget center that earns it. The FY 2020-21 other departmental revenue totals \$27,280,201. The prior year other departmental revenue budget was \$27,270,103. This revenue includes slightly under \$9M from the mandatory student services fee. The fee helped to preserve student service areas during budget reductions, base funded many student focused efforts that were previously funded on a one-time basis and enhanced specific student services areas around campus. Areas supported by the fee include: Faculty advising and support, student services such as success coaches, counselors, campus programming efforts, career development, academic advising, diversity, equity and inclusion efforts, and campus safety. Other revenue also includes course fees, non-course fees and investment income.

Investment Income

For the 2020-21 general fund budget, the projected annual investment income remains at \$2,800,000 and will be used to partially fund the base operating expenditures.

EXPENDITURES

The university expenditures are classified into seven major categories with personnel services comprising about two-thirds of the expenditure base. The major expenditure categories are:

- Faculty Salaries
- Staff Salaries
- Other Compensation
- Benefits
- Cost of Goods Sold
- Supplies & Equipment
- Overhead

A number of issues will impact numerous functional expenditure categories in the 2020-21 fiscal year budgets:

1. The “other compensation” section of the budget did not receive an increase and has not received a general across-the-board increase since the 1985-86 fiscal year. Funds were allocated in 1989, 1992 and 2009 to address minimum wage increases. No additional funds were allocated for minimum wage increases since 2009.

Any individual budget adjustments have been included; as approved through the annual budget review process or reallocations made by department directors.

2. The supplies & equipment category has not received any general across-the-board increase since the 1991-92 fiscal year. Instead of applying across-the-board increases, unique needs have been addressed individually. The supplies and equipment category includes expenditures such as supplies – office and maintenance, equipment, contracted services, postage, printing, travel, and telephone.
3. University contributions to employee benefit programs are funded through central administration and then allocated/budgeted at the individual department level. Vacant positions are budgeted at the prior incumbent’s salary and benefit levels. Benefits include coverage for health, dental, prescription, life insurance, long-term disability, and retirement.

Staff Positions

The 2020-21 general fund staff FTE (full-time equivalent) includes the following components:

Budgeted Positions	975.01
Soft Funded Positions	<u>133.73</u>
Total Staff	<u>1,108.74</u>

The number of budgeted general fund staff positions has decreased by 111.33 FTE, a 10.25 percent decrease from the 2019-20 original budgeted level of 1,086.34 FTE. Soft funded positions decreased by 16.75 FTE for an overall decrease of 128.08 FTE. Account directors, through the use of their departmental resources, create soft funded positions, and are responsible for all salaries and benefits associated with the positions, as well as future compensation increases.

Faculty Positions

The 2020-21 general fund budget includes 695 regular and medical faculty positions.

As of June 2020, 22 new regular and medical faculty have been hired to begin in 2020, and 43 positions were vacated during the prior year due to retirement or resignation. The number of positions filled by regular and medical faculty this fall is projected at 637, a net decrease of 25 from the 2019-20 fiscal year and 51 from 2018-19. Fiscal year equated students (FYES) has been trending down from the 2016-17 levels and is projected to continue to decline in 2020-21. In order to maintain a consistent faculty/student ratio, the faculty full-time equivalent (FTE) has followed a similar trend.

Regular & Medical Faculty	2016-17	2017-18	2018-19	2019-20	2020-21

*Estimate from Academic Planning & Analysis

The number of faculty FTE employed by CMU during 2019-20 was 1043.91. Employed FTE includes summer assignments, grant assignments and overloads, but excludes leaves without pay, reduced assignments and supplemental Global Campus assignments. The 2019-20 faculty FTE decreased 44.61 FTE over the 2018-19 FTE.

Central Energy Facility

The Central Energy Facility (CEF) budget has been established to recognize the expenditures for all utilities at the university, including heating, cooling, electricity, water, sewer, recycling and solid waste disposal. This budget does not include the estimated utilities for Public Broadcasting. Utilities for this unit are reflected in its respective operating budgets.

The funding for the Central Energy Facility is derived from internal transfers. Specifically, the cost of utilities is assessed to the General Fund and to Residences and Auxiliary Services, based on the respective square footage of each of these areas. While the overall campus square footage has increased over the past several years, the square footage allocation ratio has remained consistent over the last couple years at around 64 percent general fund and 36 percent Residences and Auxiliary Services.

In a demonstrated model of energy conservation, the utilities budget for CMU has been held constant or flat for nine years, except for adjustments in square footage. This is a remarkable accomplishment of true energy savings. The 2020-21 CEF budget is \$18,286,530.

Major assumptions included in the expenditure budget are as follows:

- The budget includes anticipated costs for employee compensation.
- Purchased thermal fuel costs are expected to remain stable primarily due to decreased fuel costs and conservation measures implemented.
- Purchased electricity costs are expected to remain stable
- Solid waste & recycling costs are projected to remain stable.
- City water and sewer costs are expected to remain stable.
- Bond payments are anticipated to remain stable.

Energy and Utilities strives to minimize utility costs by economically dispatching Central Energy Facility equipment. Operation of both Co-Generation units is the preferred source for steam and electric production. Chilled water production will be optimized by staging the campus' free cooling apparatus, steam absorption chillers, and electric chillers.

Parking Services

The 2020-21 Parking Services budget is based on previous year results regarding parking permit sales, parking citation revenue and parking meter revenue. This budget is built on a break-even basis with annual contributions to fund capital projects and support the general fund.

Revenue

The 2020-21 budgeted revenue is \$2,629,000. Annual parking permit sales fluctuate but have seen a slight decrease over the last few years. Rates for parking meters and citations align with the local municipal rates.

The Parking Services Department continues to provide fair and consistent parking enforcement throughout the entire campus community. The department has seen a decrease in violators over the last few years due to the implementation of the smartphone meter application and educating the campus community on rules and regulations.

Expenses

The Parking Services 2020-21 budgeted expenses reflect staff compensation based on the reorganization and new management of the department. The 2020-21 budget is anticipated to contribute the same amount to fund capital projects and maintains similar operational spending levels to the prior year.

Auxiliary Services

The Auxiliary Services budget consists of the following major units: Residence Halls, University Apartments, Residential Restaurants, Bookstore, Retail Dining, University Center Operations, Central Card Office and Printing Services. Residences and Auxiliary Services functions as a break-even operation. Revenues collected in excess of direct expenses are either returned to: the general fund in the form of overhead and utility costs, the Capital Budget, or retained by Auxiliary Services for internal maintenance operations, equipment replacement, and long-term capital needs.

Revenue

The total revenue in the 2020-21 budgets is projected at \$61,555,487 and is based on the following assumptions:

- A 2 percent increase in the room and board unlimited meal plan from \$10,328 for two semesters to \$10,528 for residence hall students.
- Residence hall capacity is approximately 5,797. Estimated fall opening occupancy is 4,100. COVID-19 has caused the need for reduced density in the residence halls.

Expenditures

The total expenditure budget for 2020-21 is \$61,555,487 which is a 13 percent decrease from the 2019-20 budget (\$69,595,313). The major assumptions and parameters in the expenditure budget are as follows:

- Negotiated and anticipated costs for employee compensation for 2020-21.
- Estimated expenditures for Campus Dining Services (ARAMARK) management fees and reimbursable expenses.
- No increase to the projected university overhead charge for 2020-21. This includes estimated overhead charges for Residence Services, Bookstore, The Down Under Food Court, Goodies to Go, Printing Services, and Internet access.
- Cost of food per student will increase 2 percent.

Athletics

The Athletics revenue and expenditure budgets are represented as a subsidized auxiliary center. Almost all of the athletics-related accounts were transferred from the general fund, effective July 1, 1995. The auxiliary fund accounts allow the financial activity of a sport or event to be fully recorded in one account and better accommodate the athletics department's reporting needs.

The 2020-21 Athletic revenue budget is projected at \$7,630,030. In addition, the general fund support of \$18,070,925 reflects the university's commitment to continue to provide the Athletics Department the appropriate level of funding. The general fund support includes funding for a majority of the faculty and staff salaries and benefits, overhead charges returned to the general fund, debt service for facilities, scholarships to student-athletes, supplies and expenses, and gender equity initiatives. Over half of the subsidy relates to overhead charges, debt service, and scholarships to student-athletes. The current scholarship subsidy includes 232 total awards. Some sports allow for fractional scholarship awards and others are based on full scholarship awards. The total subsidized scholarship budget for 2020-21 is set at \$5,598,177. Revenues, totaling \$7,630,030 received from ticket sales, game guarantees, fund raising and other external sources support the additional operating needs of the athletic programs. The 2020-21 fiscal year expenditure budget (including transfers out) totals \$25,700,955.

Computing Support

The Office of Information Technology continues to apply funding to support key services. Major projects for 2020-21 are targeted to improvement of internal IT business processes, a major information security initiative, the continuation of a major software development project supporting online student advising services, the assimilation of our College of Medicine into the university's primary academic and administrative systems, the enhancement of a customer relationship management system in the Student Recruitment and Retention division, and the expansion of business intelligence capabilities.

Telecommunications

The Telecommunications budget for 2020-21 is built on the assumption that revenue and expenses decrease slightly due to the completion of the Center for Integrated Health Studies project. Budgeted expenses include funds for telephone switch maintenance, cable service, and local phone access decrease as a result of renegotiated contracts. Revenue from Connect CMU Cellular Phone program continues to increase due to marketing efforts, while the need for additional deferred maintenance funding in areas such as physical security, mediated classrooms and the university data network is becoming more critical.

University Events and Conferences Services

The 2020-21 University Events (UE) budget reflects no general fund subsidy. The subsidy was eliminated during budget reductions and this unit will be moved to the auxiliary section of the FY 2021-22 budget. The unit is now a full auxiliary unit and responsible for generating enough funds to cover its expenditure budget. UE coordinates all aspects of activities offered at the University for non-athletic public performances. UE functions as the contracting agent for the University for all public events as it relates to performing artists, speakers and films. The department works with student organizations, university departments and community organizations in providing production services for all levels of performing arts and special events. The department also controls use, rental and related billings of all University staging, chairs and audio and video equipment.

The 2020-21 Event and Conference Services (ECS) budget reflects no general fund subsidy. The unit is now a full auxiliary unit and responsible for generating enough funds to cover its expenditure budget. ECS is responsible for providing leadership, administration and overall coordination, management and development of camps, conferences and events. ECS meets with conference and event planners, arranges event details and coordinates service delivery. ECS also schedules and manages the use of CMU facilities by internal and external organizations and individuals.

University Recreation

The 2020-21 University Recreation budget includes general fund support of \$1,780,611. University Recreation conducts recreation and fitness programs for the campus community largely occurring in the Student Activity (SAC), as well as the Outdoor Sports Complex and Disc Golf Course. The SAC is a comprehensive, holistic activity center focusing on fitness, wellness, and leisure pursuits for all members of the university community. The general fund subsidy supports facilities, programs and services that are designed to help students, faculty and staff maintain healthy lifestyles and to provide choices for active use of leisure time. Activities are offered within the program areas of aquatics, fitness/wellness, informal recreation, intramural sports, social activities and special events. The department also advises and facilitates club sports.

The 2020-21 Events Center Operations budget includes general fund support of \$70,334. Events Center Operations is responsible for the daily leadership and management of the CMU Events Center. Events Center Operations coordinates scheduling, personnel and events management. The general fund subsidy supports staffing of events and coordination of all operations for the CMU Events Center. This subsidy allows access to the Events Center for Academic Programs, Athletics, Student Life, University Events and other university functions by providing operational support costs for these units. In addition, a portion of this subsidy funds the management of the Ticket Central Box Office and provides the support for campus wide ticket operations.
